The New Hope Family Shelter has been certified as a United Way of Monroe County member agency, joining a network of 24 other human service nonprofit member agencies.

New Hope provides temporary shelter for homeless families in Bloomington and Monroe County and, in collaboration with other agencies, helps families regain housing by addressing the issues that led to homelessness.

“This is an exciting partnership that will certainly create opportunities for the families and children we serve,” Elaine Gunn, New Hope’s executive director, said in a statement.
